## Fund For Alliances Supports Central Referral Services and Olmsted Center Efforts

The United Way of Buffalo & Erie County Fund For Alliances was pleased to provide some of the funding for the affiliation of Central Referral Services and the Olmsted Center for Sight. According to Michael Weiner, United Way President “Ultimately, we want to ensure that our nonprofit health and human service network can provide the best possible services, in the most cost-effective way. This alignment is a textbook example of an innovative way to preserve needed services to the larger community, while at the same time enhancing opportunities for the population that Olmsted was founded to serve.”

For more information on this affiliation, please read this article from the May 21 issue of the Buffalo News:
