5 EASY STEPS TO CREATE A NO-SEW T-SHIRT BAG

Supplies needed: scissors and t-shirt(s). The leftover t-shirt scraps can be recycled as rags for cleaning!

Step 1:
Cut the sleeves off.

Step 2:
Cut the neckline in an oval shape. This will be the opening of the bag.

Step 3:
Turn the t-shirt inside out and cut slits along the bottom of the t-shirt (about 3 inches long and about 3/4 to 1 inch apart). Cut both the front and back layers together because they will need to match up for the step step.
Step 4:
Tie the matching front and back fringe strands together and double knot. Once the knotting is finished, tie the knot strands to the one's next to them to close the holes between the knots.

Step 5:
Turn the t-shirt right side out and it's done!
